

Quizzes

DATA 422: Advanced Data Science Methods and Ethics

Friday quizzes are 40% of the course (15 points each). They are on paper, in class, in the first 10 minutes of Friday lecture (11:00–11:10 a.m.).

Each scored quiz is a short subset of that week's study bank. Work the whole bank. Quiz items can come from the lab as well as lecture and the book or other assigned reading.

This Friday (Aug 28) is **participation**, not correctness.

Quiz	Date	Study bank	Covers
1	Fri Aug 28	Quiz 1 prep	Ch. 1 + Lab 1
