Overview

Component	Weight
Quizzes	40%
Project 1	20%
Project 2	20%
Project 3	20%

There are no midterms and no written final exam. Project 3 uses the final-exam time slot as a work session.

Labs are Colab demos and practice (Open in Colab on each lab page). They are not a grade. Friday paper quizzes (first 10 minutes of lecture) cover that week's lab, lecture, and assigned reading or videos.

Stepping stones are project checkpoints. They count toward the related project grade, not as a separate weight or lab score. They are due Wednesday, 11:59 p.m.
